Story

A werewolf dreams of the moon he can't remember. Only remembers it from his childhood. He lives his life seeking for escape from his curse during the day and turning into a werewolf at night and killing werewolves. One day he gets a clue pointing to a man named Razer. Razer turns out to be a vampire and the two fight, which gets his powers. The full moon rises. He loses his powers & looks up at the moon as he lay dying and is happy.
